Excel betinget formatering hvis annen celle

Click the "Format" button. Formula: = C3 = Å å »SUE» explanation: change the color on Å The cell marks if the content of C3 is the same as it is. Tips Check the formula you will use as a rule to change the color voices in Excel first. To do it, click on the "File" menu and select "Open". There are finished rules that you can use to put the colors on the cells based on the date: in the objective DAGI Moral over seven days far away, weekly weekly weekly after the dark weekly darkness, select which rule you should use. If only the date should be verified, the formula is easier: = d3
